Archbishop Calls for Resistance to World's Intolerance of Christianity

Charles J. Chaput O.F.M. Cap., Archbishop of Denver, called upon Catholics in America and Europe to resist the world's intolerance of Christianity and embrace of relativism.

"...We live in a time when the Church is called to be a believing community of resistance. We need to call things by their true names. We need to fight the evils we see. And, most importantly, we must not delude ourselves into thinking that by going along with the voices of secularism and de-Christianity we can somehow mitigate or changes things. Only the Truth can set men free."
