

Archdiocese of Denver Catholic Schools Service Commitment to Communities

INVESTING IN OUR FUTURE...NURTURING COMMUNITY: The Archdiocese of Denver Catholic Schools promote the value of service to others, especially those in need. Parents and students alike participate in many service and volunteer projects that help families focus on the reasons they are called to do service and to help them connect their good work to their identity as baptized Catholics.

A sample of the service and volunteer projects in Archdiocese of Denver Catholic Schools include:

- Serving Thanksgiving lunch to seniors from the surrounding parish and school community;
- Serving hot lunch to the needy;
- Participating in collections for food and goods;
- Planting flowers, shrubs, and trees in community gardens and/or parish grounds;
- Providing tutoring assistance in reading and math; and
- Participating in mission trips to Peru.
