

Child and Youth Protection

The Archdiocese of Denver is committed to promoting a safe environment for the children and young people in our care. Therefore it is necessary that all volunteers have participated in the Safe Environment program offered by the Archdiocese of Denver. The safe environment program is designed to educate, inform and raise the level of awareness of the Catholic community, particularly with respect to the nature of the problem of sexual abuse of children — how to identify potential or existing problems and how to take preventive measures.

In order to confirm your participation please provide the following information and provide a copy of your “attendance confirmed” registration certificate:
